Attn:

STAT

I request approval to be reimbursed \$50 for frozen food that was lost during a 36-hour electric power outage on 16-18 March. The outage stemmed from political disturbances in Panama that culminated in a loss of power nationwide. I have already reimbursed two other bureau employees for their frozen food losses, under my authority to settle such claims under \$300. My own claim, however, requires headquarters approval. All embassy employees have been authorized to claim for the lost food.
